

DIN EILIE

Full Stack Developer

Israel - Yehud Monosson | +972-549247262 | dineilie1997@gmail.com | www.dineilie.com

I study **Computer Science with Full Stack web development** and I am a very skilled information technology administrator and have excellent verbal communication skills. I currently looking for a **Full Stack Developer position**.

WORK EXPERIENCE

IT Administrator

Oct 2018 - Jul 2021

Menora Mivtachim Ltd, Ramat Gan, IL

- Developed tools for fixing bugs and technical faults with **AutoIt programming language**, resulting in significant time-saving at the technical center.
- Deploying automation processes for all employees' endpoints of the organization while maintaining continuous security updates using **IBM BigFix**.
- Together with a team of colleagues we created faster virtual environments for the organization's sales centers using **VMware vSphere** while maintaining attention to detail and organization goals.

PRACTICAL EXPERIENCE

Coding Challenges

[Live Demo](#) | [Source](#)

Developing a front end platform for displaying algorithmic challenges, such as Algorithm visualizers and games using JavaScript, HTML, CSS, jQuery, and Bootstrap.

Assembler Compiler

[Download](#) | [Source](#)

Developed software that compiles an Assembly code into a unique binary form, using the C Programming Language on the Ubuntu Operating System.

Samurai – 2D Adventure Game

[Download](#) | [Source](#)

Developed a 2D Adventure game using the C# Programming Language with Object-oriented programming (OOP) principles on the Unity Engine.

EDUCATION

B.Sc Computer Science - GPA 81

Dec 2020 - Dec 2024 (Expected)

The Open University

- Excelling in programming courses (e.g., Advanced Java development, Systems programming lab in ANSI-C).

Full Stack Development

Dec 2022 - Jan 2024 (Expected)

The External Studies Institute

- **front end** development skills and programming languages (e.g., React, Typescript, jQuery, JavaScript, TailwindCSS, HTML) and developing responsive web design.
- **back end** development skills and frameworks (e.g., Node.js, MongoDB, PostgreSQL).

SKILLS

Autodidact and able to adapt to new technologies, excellent communication skills, and the ability to work under pressure with a high work ethic. Programming languages: HTML, CSS, JavaScript, Typescript, Java, C, C#, PostgreSQL.
